There is query about Teeth ~ as a Signification of S

Answer © : Sun & Mars, both, signify Teeth, but both have different area of application. Like:

## TEETH DECAY

- Sun ~ is Natural Significator of Teeth i.e. it governs Growth.
- Mars ~ is Functional Significator of Teeth i.e. governs Action ~ Cutting, Chewing, Crushing, Weapon to bite enemies etc.

When Sun is badly afflicted it can result in to Dead/Removal of Teeth.

Might be moon also as inside the teeth , the soft tissue and other materials may not be signified by Mars alone.

Purpose of Root Canal Treatment is to make dead the Tooth to save the structure only.

By this way, Tooth remains Functional as Mars ~ To cut, chew, crush etc..as weapon

Yes sir but they drill very deep sir

Drilling is due to ketu ...I think ..It's not bcoz of rahu

Pl tell me the practical use of this. How to predict that a person will have root canal treatment at such and such time? My understanding is Rahu indicates huge and kethu indicates small.

In cavity filling the job will be completed in one sitting where as in Root canal we hv to pay 3 or more visits.

Rahu's role ~ to make dead the tooth and also if possible to get removed the tooth from Root I.e. to eliminate the Sun as well Mars.

When we go treatment I.e to get Cured or have a effective solution. RCT is the process to save the tooth's structure/body.

RCT is only a Process... Where drilling and filling are it's parts of process.

Next point are of the process are:

1. Make dead the nerves nourishing the tooth.
2. To fill the vacant space after drilling with a material.

Scaling of teeth ? Sir

What is the cimbination if rct?

Is it sun. Mars. Rahu and moon ?

Divide this query into three parts:

1. Suffering Planet ~ Sun/Mars
2. Cause of Suffering ~ Rahu/Ketu.
3. Treatment governing Planets~ Sun, Venus and Mars

Yes sir u r telling correct

Check Sun and Mars for malefic placements

Neatly arranged teeth gives fillip to cheek. Then venus is nit involved?

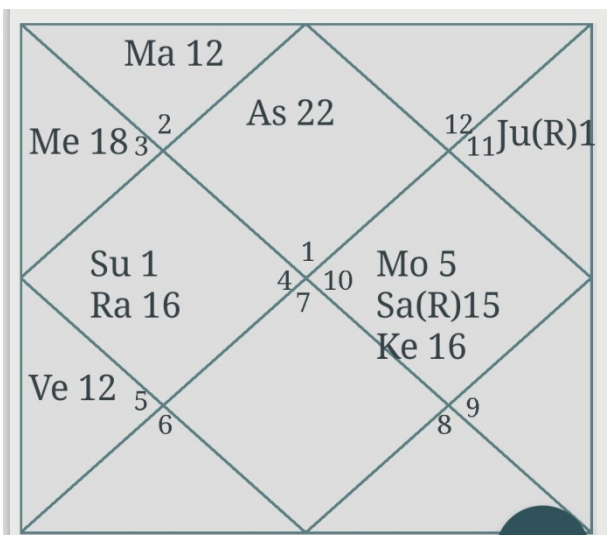

Gap between teeth is due to malefic rahu? I read somewhere.

Ok sir then if we are putting clips are some other treatment then. Wt solutions we have if Mars and Venus bad for teeth

Raised teeth also because of Rahus influence

Yes Sun+Rahu... Gap between teeth... I have this combination

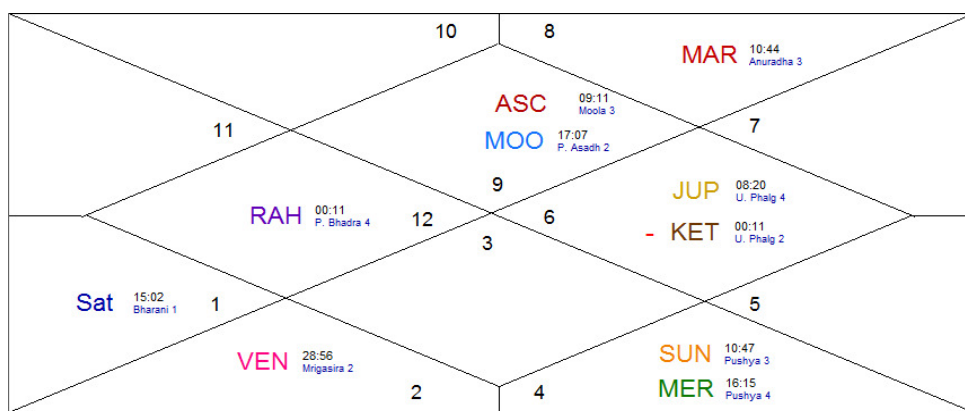

What is the combination for uneven teeth..?

In  
male

Rahu, Mars, sun and mer in trine. Venus in 7th to Mars. This native teeth ugly and also wide gap in between teeth

Case of uneven ugly teeth with wide gape in between the teeth. posting the chart.

Sun is also karka of right eye.

- \* Sun + Mars ~ Possibility of Eye surgery.
- \* Affliction of natal planet indicates Possibility of squint surgery.
- \* Affliction of Rahu indicates Glaucoma.

Sun + Rahu having applying aspect on each other... Gap or health issues with Teeth as well Progeny related issues like miscarriage, low sperm count as well female issues.

Sun + Rahu having applying aspect on each other... Gap or health issues with Teeth as well Progeny related issues like miscarriage, low sperm count as well female issues.

Sun is also karka of right eye.

- \* Sun + Mars ~ Possibility of Eye surgery.
- \* Affliction of natal planet indicates Possibility of squint surgery.
- \* Affliction of Rahu indicates Glaucoma.

Wow, I was checking my database for this combo and alas it true in all cases, they all had tooth decay and low sperm count. Please do explain the logic sir.

Logic: Sun +Rahu indicates male Progeny related issues or if one have male Progeny then Possibility of separation or difference due to this or that reason. Sperm count issue would be because of affliction on Venus.

Note... For any problem, there has to be reason. So in above said cases, Sun +Rahu is responsible for Progeny issue and Venus is indicates the medical reason.

Mars ketu

Gap in teeth

Mars+Ragu=Big teeth

Mars+kethu=small teeth

Sun is Natural Karka while Mars is Functional Karka. Both influence Teeth equally but their mode of actions are different.

Rahu is physical separator. Hence sun + rahu combination separates the father and son.

Ketu is a mental separator.

Sun + venus= The sperm count low.

Yes. Venus astringent or in the same rasi burns the person's sperm in a male chart. In a female chart it creates problem in the egg.

Sun= father, govt., royal,

Mars= brother, technical, iron

Mercury= education, intellect, friend,

I have Jupiter + Ketu in Aries asc. Teeth's are normal and only light cut mark on right eye side.

Jupiter + ketu gives mentally detached life and more inclined towards spirituality. The planets trine to this combination and also the degree of Jupiter Ketu and 2 and 12 to this will have major influence. So all have to be taken into consideration before coming to final conclusion.

Yes. You can. I hope there is not much influence of Venus and Mars. Venus will tie to the worldly material pleasures and Mars creates anger and urgency. And both are hindrance to spiritual progress.

Jupiter Saturn makes a person very Judgmental. In my personal experience I have seen very good lawyers having this combination with good Mercury. This person always goes for Justice with wisdom. Etc.

Moon + Ketu gives confusion, instability so frequently change in service.

Sun + Rahu:

- \* Teeth related issues,
- \* Right Eye related diseases,
- \* Headache or Brain related issues
- \* Paternal Lineage obstacles
- \* Issues with Father/Son like strugglefull career of father.
- \* Abortions
- \* Punishable issues with Govt.

\* Loose Moral/Social Values

Sun + Venus... Sun is aspecting Venus... So... Native's Wife behavior & Health need attention. Native's on health/sperm count may need attention. Venus being in its Sign of Exaltation is Strong but initially upto its Progression in Pisces will suffer because of the heat of Sun i.e. Native's married life disturbed or wife may have ego/health issues in starting of marriage upto 3-4 years

Yes. There will be eye problem. In female chart problem in the filopian tube, overies. Generally both suns and venus's karajatvas will suffer

sir will here effect of sun+ve be modified by mars, because ve on 21, mars 22 See, North Direction: "Sun + Venus" + Mars combination. This combination has two Parts: 1. Sun + Venus & 2. Mars. So, Sun will influence Venus with 100% strength, but as per Directional placement, Venus will only influence Mars up to 75% in maximum where Venus & Mars both are located in Watery Sign but Pisces is of Dual nature while Scorpio is of Static Nature. Mars ~ is Action, while Scorpio is of Static nature. These views point:

1. Mars is considered Weak in Scorpio in Compression of Aries.
2. Venus will look on Mars to get relived from Sun's heat.

Sun is Father, Venus is Marital Prospectus & Mars is Husband/Younger brother/Brother in Law, Younger uncle. So, Venus want to move away from Father (Sun) with wants Husband (Mars).

31 aug, 1 sept 1981 ka birth hai na?

more planets in vandhya rasi give obstacles in marriage , admin sir pls tell us whether vandhya rasi concept is present in nadi astrology  
Sir I have seen in some charts when moon is placed in 10th house native change many professions . what is nadi astrology says? Pls guide.  
Please also clarify Rahu + Saturn (R) + Moon in leo sign significance from Karkatwa..

f birth takes place on amavasya, which karakatv of moon will be affected more?

What is vandhya rasi? If it means eunch rasi, this view is not correct. I have five planets in gemini and i married at the age of 24  
n the given case study marriage is Delayed upto 36. Also I am dbtful for effectiveness of parihar.

This concept is of vedic astroligy because in the 10th house moon loses its dig bala completely as it us 7th to fourth. So there is no proper directions for the person. Hence he changes the job frequently or he gets a jib which require lot of travelling. This view is not there in nadi. But if jupitar and moon placed to trine to moon or 2/12 this affect is there.

As there is guru and saturn are with venus there is definitely marriage in his life. I want to know the degrees as i wsnt to knoe who is between

guru and venus and also venus is asthanga.

He will not have satisfactory marriage life as kethu is in trine to guru and venus and both he and the wife whenever he marries are less interested in family life.

This person will be more towards worldly affairs like after money, job, work, business, and fame etc. And more and more in accumulating wealth and less interested in wife, family and children

Respected sharma hi. The above case study horoscope the DOB 01.09.1981 the boy is working for a software co. Looking out Alliance for 7yrs. They spent several lakhs towards hariharan And the result is zero.

I can share parashari angle, why the above kundali have marriage problem, 7th lord is in 8th from itself, karka Venus in 8th from 7th house. 6th lord from 7th house i.e moon & 8th lord from 7th house i.e Mercury is with the 7th lord Saturn from lagna. 7th house under rahu/ketu axis. Similar affliction can be checked in D9 chart also Thanks for feedback. As I already said Parihara will not be effective. There are lot of things which need attention for Parihara else wastage of money & time is sure.

3. Exalted Mars ~ Force in action
4. Debilitated Mars ~ Short Temper, भीरु स्वभाव, Interested in Low Category or Serving attitude.

My brother has a debilitated Mars with Ju and Me... Aspected by Capri + retro Saturn.

Consideration Jupiter and mercury may be correcting the things...

Beneficial effects of Jupiter & Mercury with effect of shrinking characteristics of Saturn.

It's cumulative effect.

More important is everyone will not have every malefic effect.

Exalted Jupiter will nullify the above traits of Individual Mars.

Mars is always dynamic and hasty. No mental thinking before action. But clear and plain. So it gets excited soon but calm down immediately. But however if affiliated can do havoc like murder or shoot just a military man.

Mars is always justice but can not apply his mind and wisdom. So often do unwanted with repentation following.

Mr. Jitu. One Mr. Vishnu has posted a query about his house problem.

As per nadi the saturn and mars combination gives problem with the house and the presence of jupiter and venus makes both he and his wife indicates both are involved in this.

This is as per BNN.

2. If you take the fourth house from mars as per Saptharishi Nadi it contains ketu which indicate problem.

3. As per traditional Parasara system, fourth lord saturn is in the Gurus house along with enemy planet Mars.

Ninth lord moon in the eighth house depriving of Bhagya and fifth house of purva punya there sits ketu indicating that there is hindrance to his purva punya. So both fifth and ninth house spoiled. Similarly fifth lord jupiter is with saturn ninth lord moon is sama saptama with saturn indicating punarpu dosha. So both 5th and 9th house completely damaged.

Suggestion. As per my new learning. This is the time for him to settle the issue as budhi lord is in the 12th to fourth house (sun bhukthi to venus dasa running) till 10/9/2018. Otherwise he will lose the house. If not definitely he will lose the property during Moon's bhukthi that after 10/9/2018 to may 2020.

The dasa bhukthi of mars, rahu, jupitar, saturn does not favour him for house/property. During mercury bhukthi he can purchase a new one and it is far of.

Pariharam. There is very little chance to work and fifth and house are spoiled.

1. Wearing one cat's eye ring.

For girl we will consider Venus for boy jupiter..

One is careless and one is very careful

Yes, It is interested case for twins. How to differentiate both the charts ??

For Male we will Consider Jupiter as Self/Native and for female Venus... So results will differe accordingly...

Grandfather encountered various accidents. Rahu and Jupiter aspect each other. So, Grandfather may have long life. Grandfather may also suffer insomnia or depression like situation.

Both are male child's...

Jupiter is Jiva Karka here for both.

Two differentiate between twin males:

1. Elder male: Jupiter + Saturn
2. Younger male: Jupiter + Mars

Jupiter @5 Deg & Rahu @29 Deg. Both aspect each other.. so.. there seem health issues @ 10 years age approx

Elder one might have issues in Professional success I.e. in Job. Though such person may be successful in independent nature business or may get involved in religion related activity.

Elder one either not married to delayed marriage.. @ 36 yrs onwards

Father longevity need attention @ 13 years to 24 yrs I.s. 2nd cycle.

Younger male child may had health issues @ 10 yrs.. life got saved.

**: Signification of Jupiter:**

## **5) Jupiter**

[: In Nadi Jyotisha, Jupiter is known as Jiva Karka I.e. an Life.

As BNN, Jupiter is given utmost importance as he represents the Native.

Interesting point note here is:

Each Jiva, in individual, as signified by Jupiter.

Later on, when Jiva plays different roles in their life, other planets come in role to signify each role.

For example, a native, being Jupiter, when play the role of Husband, is signified Mars.

As Son, signified by Sun.

My 2 cents , based on research & experience Jupiter in trines to rahu with any natal planet brings in luck depending on which lord or planet is in trines to & your natal chart should support it

Can anyone share the business karkatwa by jupiter.

Jupiter is a good planet it will give good results. It will not give bad result.

Especially Jupiter is not give good results for tarus, libra, Virgo, gemeni Ascendent.

Business of education big education institutions

It's not a straight forward rule , it depends on lot of things, where it is placed, aspect, conjunction, dignity, in d-1 & d-9 & from lagna, moon & dasha lord etc in d-1 & divisional chart, no rule rule in astrology should be taken straight forward, that's the biggest mistake one can do. I have seen Jupiter giving extra ordinary results for the ascendant mentioned above

This one... any other planet needs to be associated..? Because jupiter also indicate self for male

Then how to predict this will work or not

Saturn is significator of karma

Jupiter is not karaka for cancer. It is karaka for fat and bigger organ in the body that is liver.

Jupiter is not the root cause of cancer.

There is research done by BVB students on cancers & was published in 2013 , one of the rules was Jupiter playing key role in cancer

A disease appearing in the body during the dasa/bhukthi of Jupiter cannot be identified immediately. It will be known only after some time and by that time it is revealed it may be late. This is what our saints say about Jupiter and he himself is not responsible for cancer. This is not BNN. It is in the vedic system This character of Jupiter comes from hid nature of calm and composure. Even in adverse conditions he is very calm and composed. So when a disease is attacked, at that time also he is calm. It is not the case with other planets.

Jupiter as Jeeva: Growth & Fortune

Whatever event/activity happened with native, Jupiter & Saturn will have a say.. as Jupiter governs Jiva i.e. Life and Saturn governs all kind of activities i.e. Saturn governs all kind of Karmas (or activities, whatever may be the nature).

So, whether its disease or happiness .. its the Native:Jiva ~ Jupiter, in last, would have to face.

If we look on Jiva's existence ~ it indicate a lot of things:

1. Its Origin
2. Growth &
3. Death

What is the sole purpose of Jiva?

\* To attain Salvation (Moksha).

Rahu ~ Kaal ... Death Karka for Physical body i.e. Death of Jiva

Ketu ~ Salvation ... Termination of all Kind of Karmas i.e. Liberation of Jiva from Birth & Death Cycle.

In B&D Cycle, everyone has to do efforts to live their lives, here efforts are known as Karmas. Further, some Karmas results in Karmic Bondage. This Karmic Bondage is responsible for Rebirth.

From origin to death~ the middle period is of Growth ~ i.e. Expansion of Physical Body, Mind, Intelligence, Continuity of Life etc. This way, Jupiter governs Growth, Expansion, Learning etc. Further, Growth is supported by Fortune i.e. Facility or Opportunity or Success.

Fortune is an important signification of Jupiter which further supports life-continuity.

Jup.growth, increase day by day

Jitendra ji and Nadi experts in this group, apologize for diverting to previously discussed karakarwas. I understand Sun represents all the sons (be it first son or second). Jupiter represents progeny. Now Whether there is a miscarriage in chart for second number of child or not, How Nadi will predict this..? Unlike parashari and jamini, where situation changes from dasa, nadi does not have this concept. Pls educate.

ir , this can be used as remedy for jup rahu combo ?

A lot of books are available in market. But no one have a systematic approach.  
Almost writers focused on Planetary Combination and their possible results. If  
anyone have tried for advance... that's also not completely shared.

So, I suggest to follow only RG Rao Books.

Other biggest issue... Now a days, every second person is claiming to be a Nadi

Astrologer [?] and can be seen promoting a new System of Progression [?].

This way I am surprised [?] after 1 year.. it will be difficult to check which one is genuine ?

Stick to your base.. that is which school of thought you are following in that you should try to add the Nadi rules

This way one can increase the accuracy in analysis

Most of the people are confused with Nadi Astrology that it is something new

Nadi Astrology is not any new branch of jyothisha

: If one look carefully it's the detailed exploration of various rules of jyothisha

The basic details of Nadi Astrology in a systematic approach is already shared with the help of PDF published by me and for further detailed explanation 1 May check my YouTube channel

Sir your book explains nadi rules perfectly.

Yes sir..I'm using both (KP + Nadi )..your pdf happend to be checked accidentally(may be divine diversion) tried on 5 charts ..all r on bang..I was amazed...on this account,I'm pretty much thankful for sharing your knowledge with us all.

I request you to publish more articles to enlighten us further.

Please let me know if any class is conducted 1 to 1 online. Will look forward to Join sir

Hope this group for only astrology discussions

### **7) Saturn:**

Share your views in accordance to Nadi Jyotisha.

Karmakarak... Yes Oil,hardware,harassment Elder brother Knee and old age home. Karmkarak, chronic diseases, tantra mantra, deep knowledge, iron, coal mines, fridge, air conditioner, postmartm department, bones, knees, lazyness Saturn is deatach nature Seems you have something for topic on Saturn today.

How about sharing a chart and look what all we can find in it What is the difference between transit and progression? Both looks like same but Tranist is forward moving with no stay or reverse.

Progressions are wait or move back then move forward Transit is nothing but gochara, that is daily movements of planrts Progression ss a unique calculation for timing of the events used only in BNN. In this jupitar is taken to move one degree in one year. One degree per year, that is 30 years per sign? Isn't it too

long? his also a version of Progression as per R G Rao translation works. Till date, I have experienced 5+ different versions of Progression. There are multiple versions of progression theory currently in the market. I got by R G Rao. Anyway it is too early to discuss this. Let us go step by step as guided by you. Jitender ji, Which book of RG Rao has progression..? I could never find it anywhere. Multiple versions are resulting in confusion. I am vigorously working for Venus progression. Let's wait.. what time permits? Yes sir ...I have learnt a lot due to ur posts..Thank a lot for progression of Jupiter as Jeeva, or of Jupiter as ascendent? If somebody serious they have to research every progression theory on minimum 300 horoscopes the timing of events and fix it

### **8) Rahu's Significations:**

Vastness, illusion, snake head Karma carrier, destroyer Rahu multiplies inanimate things and destroys animate things Head portion of Serpent -Kaalapurusha - Chaya I Shadow wheel shape-circumference of wellplay ground -giant size -open terrace-Top spread of tree -dried wooden logs -Rubber -Pithamaha ( Grand father) -dilapidated things -Nest. Because Rahu indicates round shape it denotes Testicles of living beings. For man it lies below the male organ and for female, it is embedded inside. Rahu is governing planet of cave. Rahu controls 6th house on chart.

Electronics, computers, modern equipments, aeronautics, poison, antibiotics, vaccinations, sexual diseases

Rahu is collective understanding of many past life and also indicates past sins, Rahu is larger unknown territory, mercury is calculator but rahu is infinite so rahu is most unpredictable and sudden, rahu takes characteristics of a planet or bhava with whom it sits, rahu has multiple faces and acts according to situation Rahu:

paternal grandfather, foreign travels, electronics, actor photography, main entrance, old house, Venus +Rahu= double storied house, darkness, round shape, playground, big size, Godown, gastric trouble, big accident with Mars.

Rahu is a planet of unorthodoxy, separator, disobedience, non traditional, unreal, anger, super ego, forbidden, large unreal snakes, black magic, evil spirits, ghost, misconception, imagination, fear, confusion, illusion, cheating, crime.

Rahu rules cinema as something is shown in imagery which is not real.

Rahu is physical separator where Ketu is mental separator.

Rahu - epilepsy, eye trouble, leprosy, mind related problems if with moon.

Un orthodox. Huuuge. Illegal  
That was tons of them good to see

Rahu is exalted in Aquarius and Gemini, according to the Jamini Sutram and as is the shadowy planet is well placed in Mercury's signs. It is also said that Rahu does well in Libra, Capricorn and Cancer.

Rahu's appearance is being discussed because it is seen to affect a person's appearance when it is in a position to do so in a nativity. Rahu is supposed to be the second eldest among the planets but the face shows no such elderly characteristics. In fact it has a strange, hypnotic touch to its face which it imparts to the natives when placed close to the cuspal degrees of the first or the second house in a chart. Its face is said to be black with a smoky tinge in appearance. Such natives are usually dark in colour.

Rahu is seen to represent tall persons.

Appearance for height sake

Any connection of Rahu with the ascendant or the 1st house adds to the height of the native.

Yes, Rahu also has a predominantly airy constitution, which is usually associated with a wiry or lean physique.

Two types of appearances represent the dual nature of Rahu  
one that can give material prosperity and  
the other which gives material adversity.

It is seen that a lot of beauty queens who get sudden fame in contests have Rahu either on the cusp of the 2nd house or is associated with the 2nd house in some manner.

Rahu is karmic planet, it delivers past life unfinished karma, wherever Rahu is placed there is always a déjà vu about the indications of the house and natural signs it's placed, Rahu owns Aquarius, it represents grand father, electronics, obsession, ego, eye service.

How Rahu & Ketu helpful to us, Rahu & Ketu not been allocated rashi. But nodes are stronger than planets, both are representative of rashi in which they present, ex. Rahu in Makar rashi, representative of Sani, & Ketu is representative of Moon., Also offers results of Yuti, & planets aspecting both.

Déjà Vu is a French word which means already experienced the present situation ... a recollection of memory ... an experience of having lived within the

memory and recognition of the same once again ... Our lives are nothing but the journeys to overcome our limitations by having Karmic Lessons ... sometimes we recognize some places, experiences, people etc which seem very much known so that we may even describe every sort of details closed eyes ... as they resonate and carry forward from our previous deeds ... Our Karma brings us once again to those things to repay the debts ... What would Rahu conjunct Mars in Capricorn indicate regarding past dues ?

Is this is a blanket rule or some if conditions also. As not everyone will have career problem as rahu/ketu comes over ur natal Saturn every 9 yrs  
Jup/sat/rahu/ketu/sun all at 26 degrees, this is also amazing  
In transit 8th & 12th house both under jup/Saturn double transit  
Also 6 planet influenceing her 8 Th house

Irony

6 planets are influencing 8th house

1 planet is in 12th house

1 planet is lagna aspecting 7th house marak sthan

1 planet is in 6th house

Problem is above all will be true for all Kark lagna people today

Rahu in cancer sign is moon rashi & when stationary will bring peoples emotions out, also cancers is 4th sign natural property house & lot of property scandals might come out during this period & may bring people's emotions out

ext rahu/ketu stationary period will be June/July before the next eclipse, so we might see some action then again

Ofcourse all karka lagna will have similar transit. It depends upon lot of factors, first is longevity calculation, her mark dasha & transit of slow moving planets over sensitive points like lagna, sun, sat & Jupiter & atmakarka etc. Transit is the feature of the bird not the bird itself. Bird is ur dasha , if dasha permits then transit will work.

Minimum 2-3 dasha should be used to see an event. Jamimi char dasha, General dasha, Narayana shool for troubles & sthir dasha for marka events . If all dashas giving similar clues , it increases the probability of the event. I checked all 3 & it shows the event clearly along with vimshotri dasha & then the transit. Transit is just delivery boy, if there is no packet what will delivery boy deliever?

I can disclose here for the sake of the friends and astrologers of this group a revered secret safety measures for astrologers of this group. Whoever want to follow they may do do.

On every thursday, please give jaggerry, pieces of cocunut and two plantain fruits to a cow. This should be done every thursday without fail till one give prediction and pariharams. On any thursdsy if you miss this the whole week one should not see any horoscope and give any pariharam.

You can observe the effect of this when you see a dog coming closer to you in circles as you develop a protective shield aroundi have seen most experienced old aged astrologer give their prediction in writing(not orally) , and parriharm in puja and donation to needy people like ashrams

Sir, this is my own opinion that when we study such charts we can gather more informations regarding prescribed rules of astrology but to be sure if we are having knowledge of the individual/deceased minimum upto 50%

I have gone through a rare work Nasht Jatkam I think it works.

Jitender Sir I am sure that your advice is 100%right for not to reach at a confusing state Regards

Mercury = Mathematics

Ketu = Mathematical abilty

one question which is very common these days - how to determine whether spouse will be of same age , elder or younger ? Kindly advise how to see this astrologically.

I think it's depends mainly on Lord of Saptam

If jeev karak is Guru and wife is indicated by Shukra, check if Shukra is with Budh, wide will be much younger, if Shukra is with Shani, wife will be elder than jatak. Pls advise if my thinking is correct

f it is Sun,Guru, Shukran, Mangal then difference is which is accepted by society/tradition

If it is Saturn then partner could older

If it is Budh then difference in ages of both is wide in either way

If it is Rahu/Ketu. Couple may not compatible in respect of Age,social standing, intellectual etc

More important is these are not fix rules one has study simultaneously along with other aspects. Thanks

Saptmesh aspects by Rahu/Ketu

Saturn in 7th house can make age different.

Anyone with different analysis?

Actually now a days girls are elder than boys in marriage or boys younger .. so some difference from traditional style of Indian marriage.

Such cases coming up more coz of prevalent love marriages

So just wanted to ask the possible planetary combinations for the same

In a male chart if Venus has got aspect with Saturn and Guru both it can happen.

If 7th lord is Guru or Saturn and aspected by the other it can happen.

If the seventh lord is in the house of Saturn or Guru and is aspected by both the planets it can happen.

If the seventh lord

Is aspected by both Saturn and Guru, wherever seventh lord is placed it can happen.

As per Vedic astrology, the placement of 7th lord of Rasi and its above combination may also be taken into consideration.

In deciding this apart from Saturn and Guru, Sun will also play a major role as Sun is also considered elderly.

.placement of seventh lord in Navamsa.....

( kindly read as above)
